

Vacuum & Pressure Gauges

Lower Mounted Pressure Gauge

Product No. PGL-200 (right)

- 1/4" NPT Lower Mounted
- 2 1/2" Dial Face
- 0-200 PSI
- Diaphragm Protected

The PGL-200 utilizes a tantalum diaphragm for superior chemical resistance and is Fluorolube filled.

Rear Mounted Vacuum Gauge

Product No. VGR-30 (left)

- 1/4" NPT Rear Mounted
- 2 1/2" Dial Face
- 0-30" Hg
- Diaphragm Protected

The VGR-30 can be tailored to use either a PTFE Teflon or a Viton (standard) diaphragm for superior chemical resistance. The VGR-30 is Fluorolube filled.

Lower Mounted Vacuum Gauge

Product No. VGL-30 (right)

- 1/4" NPT Lower Mounted
- 2 1/2" Dial Face
- 0-30" Hg
- Diaphragm Protected

The VGL-30 can be tailored to use either a PTFE Teflon or a Viton (standard) diaphragm for superior chemical resistance. The VGL-30 is Fluorolube filled.

Ordering Information

Product No.	Description	Reading
PGL-200	Lower Mounted, Diaphragm Protected	Pressure: 0 - 200 PSI
VGR-30	Rear Mounted, Diaphragm Protected	Vacuum: 0 - 30 Hg
VGL-30	Lower Mounted, Diaphragm Protected	Vacuum: 0 - 30 Hg
